

ExamName : yes hyd

Subject/PostName : physics

PART-I

DESCRIPTIVE QUESTIONS

1.explain the raman effect ?

Compulsary-question

2.explain the concept of pezio effect

Low-Level

3.prove the $e=mc^2$ concept ?

High-Level

4.explain the concept of light refraction ?

Medium-Level

PART-II

MULTIPLE CHOICE QUESTIONS

1. what is the newton third law

Low-Level

A. force is directly proportional to the mass

B. evrey reaction is equal and opposite reaction

C. the body n rest position untill applied external force

D. none of the above

Right Answer:B

2. units of distance

Compulsary-question

A. meters

B. kilometers

C. miles

D. all of the above

Right Answer:D
